

IMPACT REPORT

PRESENTED BY MARY BIRD PERKINS - OUR LADY OF THE LAKE CANCER CENTER & CANCER SERVICES

THANK YOU FOR BEING AN INCREDIBLE PARTNER.

As we surround patients with everything they need throughout their cancer journey, you and the entire community surround the Cancer Center and Cancer Services to make it all possible. Thanks to your generosity, our physicians and team members continue to build on remarkable outcomes with a steadfast focus on improving survivorship and lessening the burden of cancer for every person who walks through our doors. Last year, your gift delivered life-saving programs and services to over 10,000 patients, clients and families in the communities we serve.

Your partnership helps save and extend the lives of so many. For this and so much more, we are grateful.

YOUR FUNDS IN ACTION

Your support helps patients like Michael receive transformative cancer care.

"I wouldn't want cancer again, but in some ways it's changed my life for the better," says colon cancer survivor Michael Hackett. "I appreciate life more than ever."

Michael says there were many ups and downs, but the Cancer Center team and his wife and young children rallied around him to see him through the most challenging times.

When Michael rang the bell on his last day of treatment on October 16, it was a moment he had been looking forward to, but he didn't realize how much he would miss the Cancer Center team members and the personal bonds he formed with so many of them. Michael plans to stay involved as a volunteer and give back to the place that gave him so much.

Your support is invaluable and impacts so many patients and families affected by cancer. We are so grateful for your continued support!
